

Modern School Management Software

Teach 'n Go helps schools in **over 45 countries** manage their scheduling, payments, relationships, and more!

Who We Are

Since 2014, Teach 'n Go has been a leading Software as a Service (SaaS) provider in the school management software industry.

Our system provides efficient administration and management solutions for all types of learning centre and education businesses.

Based in Dublin, Ireland, we support educational institutes in over 45 countries worldwide. The key to our growth has been the consistent development of our software that's tailored to empower schools across the globe to achieve success.

Our Mission

At Teach 'n Go, we passionately believe that education is a fundamental right, not a privilege. We recognise the challenges inherent in managing a school or training business, our mission is to redefine the experience, making it accessible, seamless, and empowering.

We are dedicated to demystifying the complexities of running a successful educational institution. Our commitment is to simplify and enhance the entire process, ensuring that school management becomes an enjoyable and highly efficient endeavor. With Teach 'n Go, we aspire to transform education administration into a global, accessible, and user-friendly experience, allowing educators to focus on what truly matters – the learning journey.

Find Out What Our Other Customers Think About Teach 'n Go

Compared to the other student databases we've tested, Teach 'n Go is by far the most intuitive. When we started testing Teach 'n Go, our educators didn't need any training. Everyone was able to immediately jump in and start using the system from the get-go!

Mary Anne Philippakis
Language School Franchise Owner

One of the best features of Teach 'n Go is its user-friendliness. It has also made our internal staff's daily administrative tasks far more efficient and organized. I find Teach 'n Go to be the perfect platform for our school.

Pimpapit Rattanaikarnakorn
Senior Business Development Manager, Keaes Academics

I must commend the Teach 'n Go team for how willing they have been to help tailor the system to our school's needs. They have always listened to us and have worked hard to make any changes happen for us. I'm very appreciative of all of their help!
